# Self Install Vinyl Instructions

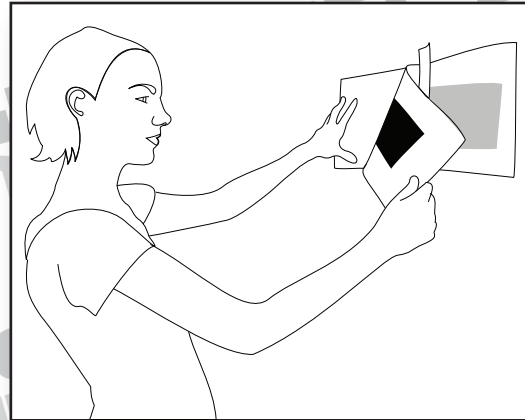

Step 1. Prep the surface be cleaning it using soap, water, and a paper towel. If you're applying to glass, clean with windex.

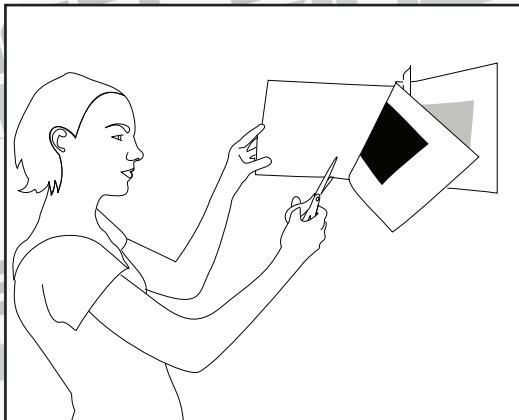

**Step 2.** Make sure the vinyl decal is level.

Step 3. Secure the piece of vinyl to the wall by placing a strip of masking tape down the center of the decal.

Step 4. Peal the decal. Make sure that the vinyl is attached to the transfer tape.

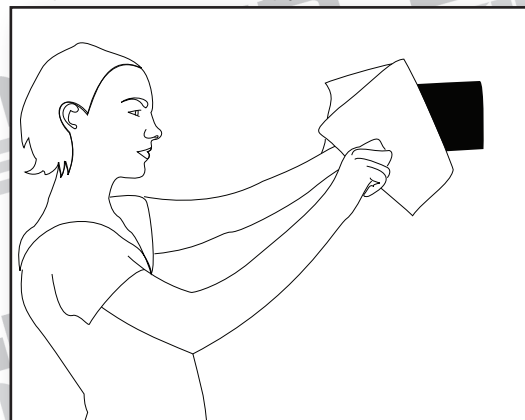

Step 5. Cut off the wax paper backing

Step 6. Using a squeegee, apply pressure using a smooth 45° up and down motion to apply the decal to the surface.

Repeat
4-6

Step 7. Take the masking tape off and then repeat steps 4 through 6 on the opposite side.

Step 8. Slowly peel off the transfer tape at a 45° angle. Make sure that the decals are attached to the surface.
